Matvey Kuznetsov
supplier of the
imperial court

History

- Dulevo porcelain factory was founded in 1832 by Terenty Kuznetsov, who was originally from Gzheli.
- Our factory is the largest in Russia and one of the largest porcelain plants in Europe.
- In 1902, Mr Kuznetsov was included in the honorable list of suppliers of the imperial court.
- Throughout the entire history of the factory, a art style was created. It is bright and solemn, noble and elegant, clean and unique.

Today

- Our masters work hard to introduce new shapes and patterns, carefully preserving the old traditions.
- The best technology employees continuously work to improve technological porcelain manufacturing processes.
- A highly professional team of employees use advanced production methods and technologies.
- The factory has an extensive network of sales throughout Russia.
- We produce not only mass products, but also carry on exclusive custom orders.
- We have a large number of corporate clients.
- Our products are presented with great success at exhibitions and fairs of Russian arts and crafts.

Modernization

- Since 2012 till present day, the manufacturing plant is undergoing large-scale modernization. We installed new furnaces made in Czech Republic and France, as well as new equipment for molding products. Today it is a modern, technically equipped enterprise with a continuous production cycle.
- The modernization process has led to a decrease in defective products, improvement of working conditions and ecological environment, also reduced the energy costs.
